

Summer Assignments for Incoming 5th Graders:

1. iReady Reading: Complete at least 20 minutes of iReady Reading practice every day. Use the provided online resources and exercises to enhance reading skills.
2. iReady Math: Engage in iReady Math activities for a minimum of 20 minutes daily. Practice various math concepts and problem-solving skills through interactive lessons.
3. Online Math Practice - IXL: Utilize the IXL online platform to reinforce math skills and concepts. Complete exercises and challenges in topics like multiplication, division, fractions, decimals, and geometry.
4. Independent Reading - MyON or Books: Read for a minimum of 20 minutes each day using the MyON online platform or physical books. Select age-appropriate chapter books or novels and explore a variety of genres.
5. Essay on Summer Enjoyment: Write an essay describing three things you enjoyed about your summer break. Reflect on experiences, activities, or moments that brought you joy. Aim for well-structured paragraphs and include descriptive details.
6. Multiplication Facts and Sight Words: Review and practice multiplication facts up to 12x12 regularly to maintain fluency. Additionally, review and reinforce sight words to improve reading speed and comprehension.
7. Complete Three Chapter Books: Read and finish three-chapter books of your choice, each with a minimum of 80 pages. Make sure to understand the main ideas, characters, and plot of each book.
8. "About Me" Page: Write a one-page introduction about yourself, including relevant facts and information your fifth-grade teacher should know. Share your hobbies, interests, strengths, and any other details you feel comfortable sharing.

Remember to manage your time effectively, set aside specific periods for each assignment, and enjoy the process of learning and reading during your summer break!
